

GOOSE ISLAND SAUVIGNON BLANC

2 0 2 4

THE STORY

Just like our wines, each Goose that resides on Goose Island in nearby Lake Serafino, has its own unique personality. The Geese are a constant source of enjoyment and entertainment.

WINEMAKER NOTES

Harvested in the cool of the night in order to preserve the delicate fruit characters. The grapes were destemmed, chilled and gently pressed into stainless steel vessels. The juice was allowed to settle and then racked for a long cool fermentation with specialized yeast in order to fully express the brightness and freshness of flavours.
